

## **GH Warranty**

GH warrants the GH series wood furnace for twenty years to the original owner on a prorated basis.

The first five years we provide 100% coverage. The sixth to eighth year 75% coverage, ninth and tenth year 50%, eleventh to fifteenth year 25% and the sixteenth to twentieth year 10%. These prices are based on the original selling price.

All electrical components and rear air tubes carry a one-year warranty.

GH does not warrant against freezing, over heating, any furnace that has been altered, pressurizing, or the use of inappropriate fuels and negligence.

Transportation, installation or losses of fluids are not covered.

It is the responsibility of the owner to follow proper maintenance procedures as outlined in the operator's manual.

All furnaces must have D. W. Davies SI Plus rust inhibitor added to the water and a ph level of 7.5 - 8.5 must be maintained.

This unit is not intended to be used as a primary heat source. A back-up system is recommended.
